Anthony vanBerkel
Remi Deveau
Susan Doiron.

Who is the Pomquet Area Cultural, Recreational and Community Development Association

PACRCDA evolved from public discussions about the fate of the existing hall but it is an organization put together by concerned citizens of District 5 to work with other groups to develop cultural, recreational and community activities. This is a community group that is not part of, or associated with, any existing group, society or parish. If you live in District 5, you are automatically a member. No fee is required.

In short, our mandate is to strengthen and grow our community. Our top priority is to consider the community's needs, which may include investigating the feasibility of a new community hall but an independent subcommittee will do that.

Our goal is to promote, revive or create cultural and recreational events to celebrate and unite this community plus facilitate the fulfillment of the com-

munity's needs.

We will create other independent subcommittees made up of 1 or 2 board members and other people in the community for each project and will need the participation & expertise of the community.

Contact us with your ideas, comments and questions.

Our address is:

**1034 Pomquet Monk's
Head Road, Antigonish,
NS, B2G 2L4**

Your Opinion Matters to Us!

In the next couple of months we will be asking you to complete a survey that will tell us what you think the community needs, what you want for the community and what you expect out of us and

the community.

It will be important information that will help us to make a list of these needs and to use the information from all the respondents to put that list in order of priority.

Once the list is compiled, we will send it to you in a future newsletter. We will also give the details of the survey results so you can see what the response was for any particular question.

Winter Carnival Revival for 2013!

People in the community have indicated that out of the many events not happening anymore in the community, the Winter Carnival is the event they miss the most. The carnival used to have many events each hosted by the various groups in the community. It would be GREAT to have a representative from every group in the community to join this committee to make this happen again. Call Clarence at 735-2875 to express your interest in participating in the rebirth of this joyous event.
